

## WSSF Drive Begins Today; COP Rally, Films To Aid Fund

The World Student Service Fund contribution drive began today. What is WSSF? It is a relief organization of students and faculties of American schools for the assistance of students and professors of universities in war-devastated countries.

Sponsored by the associated student body, two hundred canvassers will attempt to cover 4000 students at their homes between today and Saturday evening. They will blanket the area north to San Francisco and south to Monterey.

G. Landry Hall, chairman of the local WSSF officers, is spearheading the drive and speaks of the urgent need for more canvassers. "We are going ahead with the number we have," he said, "but to do a good job we need at least 100 more men—or women. If anyone can help, drop your name in Box 'W' at the Co-op. Out-of-town canvassers are needed in the worst way."

Edith Graves, of the graduate managers office, and William F. Luick, speech and drama instructor, will aid in contacting members of the faculty during the drive, according to Landry.

To keep the drive moving there will be an exchange rally with College of Pacific Wednesday afternoon. Betty Anne Rabe of COP will head the rally here while Bob Thomlison will go to Stockton to represent the Spartans.

"In competition with COP this year, San Jose, in order to win, has to quadruple last year's subscription," Landry said. "Last year COP gave twice as much to WSSF with half the number of students."

The committee has obtained two documentary films which explain the purpose of the drive. They will be shown Monday through Thursday afternoons at 4:40 in room 210 of the Library. They also may be seen Monday, Tuesday, Wednesday and Friday mornings at 11:30 in room 31 of the Science building.

"The cafeteria has given the student body the use of the tea room the entire week," Landry concluded. "It will be available between 11:30 and 1 each day. During luncheon discussions on WSSF, its policies and future will be held."

## Spartan Trackmen Swamp OC, 95-36

By CARL UNDERWOOD

Two school records were smashed and another tied as San Jose State's track team opened their dual meet season by swamping the Olympic Club, 94 4/5 - 36 1/5, Saturday on the Spartan oval.

Despite poor conditions resulting from Friday's rain, Coach Bud Winter's Spartans sped through the mud to win all but two firsts.

Gene Haynes opened the meet by erasing the school mark of 4:21.7 in the mile when he caught Frank Johnson of the Club on the last lap and won by a yard in 4:21.5. Three events later, Jack Passey skimmed over the 120-yard high hurdles to tie the school record of 14.9.

The final record was set when Ray Overhouse tossed the discus 157'2" to break Woody Linn's mark of 157' made last week at Santa Barbara.

Don Smalley turned in the only double win of the day by edging teammate Bob Bingham in a 9.9 100-yard dash and a 21.8 220. Connie Varneck almost equalled this feat by copping the broad jump with a leap of 22'11 1/4" and splitting high jump honors with Junior Morgan at 6'2".

Thelno Knowles won the 880 easily in 1:56.2 and was clocked in 49.1 on the final lap of the mile relay. The four-man Spartan team won this event in the good time of 3:22.6.

Howard Overhouse cleared 13'6" to win the pole vault, and Bob Likens tossed the javelin 204'11" for two more outstanding wins.

Other winners: 440—Fred Mangini, 51.1; 220 Low Hurdles —Tom Birmingham, 25.3; 2-Mile—Cecil Cole (OC), 9:43.9; Shot Put —Ed Ker (OC), 50'11".

## Spartans Stopped In National Tourney

Bob Andersen and Don Schaeffer, San Jose State's two remaining boxers, were eliminated Friday night in the semi-finals of the National Collegiate Athletic Association Boxing tournament held at Madison, Wisconsin.

Andersen, runner-up last season, was decisively defeated by Don Brown of Cal Aggies. Brown previously defeated the Spartan boxer in the Pacific Coast intercollegiate held recently at Sacramento. Vito Parisi, Wisconsin battler, captured the nod over Schaeffer. The bout was stopped in the second round because of a cut injury suffered by Schaeffer.

Tournament finals were conducted Saturday night, though no Spartan boxers were represented.

(Continued on page 5)

## POWER SHORTAGE CUT 20 PER CENT

"San Jose State college's power consumption must be cut by 20 per cent during the present power crisis," stated Edward S. Thompson, college comptroller, today.

San Jose State must operate under the same restrictions which apply to industries in this area and face the necessity of cutting power consumption by 20 per cent. The cut may be taken by uniformly decreasing the electrical output over a given period or by shutting off power for one day in every five.

According to Mr. Thompson, if only one-third of the student body and faculty members of the college will cooperate in turning off lights and motors operating uselessly, a five per cent saving in power would result. Service groups and clubs on the campus have been asked to cooperate in saving power and in helping to make the whole college power conscious.

"The complete 20 per cent saving can only be accomplished by whole-hearted cooperation of both student body and faculty," said Mr. Thompson.

If necessary, a 60-horsepower diesel engine and generator can be connected and used to pump water for the use of the college, according to Mr. Thompson. However, he explained that the engine is noisy and would interfere with some college operations.

## LIBRARY SHOWS ART METAL WORK

An exhibit of art metal work by Mr. Van Arsdale's industrial arts class is on display in the Library showcase.

A few of the pieces of metal work include copper cigarette jars and trays; initialed letter openers and utensils; bracelets, and belt buckles.

A replica of a Danish pastry skillet and a vase complete with stand and cut-out design also are shown.

An antique copper pot made in Italy years ago may be seen.

## K. McDonald May Take Police Job

Keith C. McDonald, police major, has qualified recently for a permanent position with the Palo Alto police department. He is undecided as to whether he will quit school for the job.

## NSA REPRESENTATIVES TO ADDRESS COUNCIL

By GEORGE GUNTER

Dick Heggie, UC graduate student in international relations, and Sally Holt, UC senior formerly of Vassar college, will address the Student Council meeting this afternoon at 4:30.

They will discuss the NSA activities on the Pacific coast and how the organization may benefit San Jose State college.

## BAY AREA SCHOOLS SCHEDULE CONCERT

Over 300 voices will be blended in song at the War Memorial Opera House in San Francisco on April 15 at 8:30 p.m. when the glee clubs of six bay area colleges join in a concert for the benefit of Europe's war stricken students.

Glee clubs of Mills college, Stanford, the University of San Francisco, University of Santa Clara, San Francisco State college and the University of California are included in the joint concert in cooperation with the National Students association. Proceeds of the concert will be turned over to the World Student Service fund.

The concert will feature 20 musical selections in such varied fields as Bach and Casey Jones, with Cole Porter thrown in for good measure. College songs and a verbal sketch of each school and its traditions will be featured.

## SWIM CAST TO MEET

All members of the swim show meet tonight at 6:30 at the pool. Final casting will be done, and all those absent will be replaced by someone present.

Practice will be held every night this week. It is imperative that everyone be there for all practices, stated Mary Hooten, faculty adviser.

## Mechanic's School Request Coming

"We will soon be able to submit our formal request for a Civil Aeronautics administration mechanic's school rating now that we have moved into our new laboratory," Donald L. James, assistant professor of engineering, declared Friday.

The aeronautics division of the Engineering department moved during the Easter week from the basement of the Science building to its new location in the large hut facing San Carlos street.

All instructors must be licensed mechanics and instructors with the CAA before the college will be accepted by it, stated Mr. James. "At the present time there is only one licensed mechanic and instructor," Mr. James explained. "The other instructors will receive their licenses in the near future."

The laboratory and equipment must meet the minimum specifications set by the CAA before it will recognize our mechanic's school, Mr. James added. He felt that these specifications are being met.

## RECORD SET--110 SHOW UP

History was made Friday in Mr. George E. Stone's Photo lecture section when all but one of the 120 students enrolled in the class showed up for roll call. According to Mr. Stone, this constitutes an all-time record in the history of the course.

Mabel R. Gillis, Librarian  
California State Library  
Sacramento 9, California

## Don Smith Answers To Roar As Lead In Shaw's Comedy

A lion has finally been found to play the lead role in "Androcles and the Lion," the fantastic George B. Shaw comedy which will be presented by the Speech and Drama department April 29 through May 4.

The lion, who answers to the name of Don Smith, was captured by the casting crew in Campbell last week, sources high in the drama department revealed today.

The human cast topped by Cliff Roche, as Androcles was also announced today by Miss Helen Minetta, department secretary. Gwen Samuelson will play Lavinia, the Christian maiden. Bill Furnell will be Centurion, and Ed Williams will portray the Captain.

Don Holladay will be Ferrovius, probably the most spectacular character except for the lion, in the play. Jackson Young as Spintho, John Hayden as the Menagerie Keeper, and Dr. James Clancy as Caesar, are other characters.

Cliff Roche appeared as the male comic lead in "Spartan Revelries" and as the druggist in "My Sister Eileen" during the fall quarter.

Gwen Samuelson, who played the shrewish wife in "Doctor in Spite of Himself," has also appeared in several shorter plays in the Studio Theater. Jackson Young was the male lead in "Rosmenscholm."

Other characters are Marian Jacobsen as Megaera, Ivan Van Perre as Lentulus, Don Pearlman as Metellus, Eugene Hartman the ox driver, Don Lev, Reteriaus, Warren Blomseth as Secutor, Joe Juliano, the editor, and Joe Guzzetti, the call boy.

The soldiers and gladiators will be played by Robert Debold, Harold Upson, Glendon Heath, Jim Jensen and Clark Kirkpatrick.

Anyone interested in being a soldier, Christian, servant, gladiator or slave, is invited by Miss Minetta to sign the list in room 57.

## FUNERAL SERVICE FOR SJ STUDENT HELD SATURDAY

San Jose State student Gaden Walter Richardson, 23, son of Mr. and Mrs. W. W. Richardson, 2084 16th avenue, San Francisco, died at O'Connor hospital from a heart attack Friday morning.

Richardson, a Commerce major, was outstanding in football and track at San Rafael high school and came to San Jose State from San Francisco Junior college last year, according to Personnel office records.

The funeral was held Saturday in San Francisco and interment followed at Holy Cross cemetery.

## Spartans Shut Out USF Baseball Club With 2-0 Victory

By HAL SOUSA

Ralph Romero and Bob Pifferini combined their pitching talent, aided by timely hitting and fielding, to hurl San Jose State to a well-earned 2 to 0 win over the USF Don baseball nine Saturday afternoon at the local Municipal Stadium.

Although out-hit by the visitors, eight to seven, the Spartans came through when the chips were down. Mel Stein picked up the first tally when he scored on a wild pitch after walking in the second inning.

The same Mr. Stein led off the fifth frame with a long double to deep center. Wehner's single advanced the runner to third, where Romero came through to drive in the final score with a one-ply wallop.

On two occasions the Gold and White hurlers were in trouble with Dons on the sacks, but fielding gems by Don Lopes and John Smith cut off scoring threats. Leading hitter for San Jose was Captain Don Lopes with a pair of singles.

Romero and Pifferini were very effective in the clutch, striking out seven USF batters.

## HEAR THE FACTS TODAY

Dick Heggie, regional co-chairman of the National Students Association, and Sally Holt, regional secretary of NSA, will be on campus this afternoon to address the Student Council. They will explain NSA to the Council, and will endeavor to point out its value to San Jose State college.

Here is a splendid opportunity for those students who have been wondering what NSA is and does, to get acquainted with the national student group. The initials NSA have been floating around since December, 1946, and little has been done to clarify anything pertaining to them.

The question of affiliation with this group comes up before the Student Council next month. The same question may come up for a vote from the Student Body later on this quarter. Those who are concerned with intelligent voting and with student citizenship, should attend today's Student Council meeting in the Student Union.

By attending the meeting this afternoon, and listening to what these NSA representatives have to say, we can get the facts on which to base our conclusions. See you in the Student Union at 4:30.

## SUPPORT WSSF TODAY

Today students at Washington Square will have an opportunity to express their concern for those who are endeavoring to gain an education in other less fortunate parts of the world. The World Student Service Fund drive commences today under the co-chairmanship of Paula Phillips and G. Hall Landry.

This drive will last one week only, which isn't near enough time or opportunity to show gratitude for luxuries with which we are showered. Of course it seems pretty tough when that \$65 check doesn't arrive on time, but we do have that check coming. We don't have to work rebuilding the country, and sandwich our education into lunch hours and odd moments, as do so many of the world's students.

Nor do we have to go hungry in order to buy ink and textbooks. We have enough clothes to wear and decent places in which to live. More than 50 per cent of the world can't boast of these "luxuries" for students. We can afford to reach DEEP into our pockets for this drive.

It is only through education around the entire globe that we can build a world fit to live in. And it is only through our generosity that we can obtain that education.

## ARGUMENTS ADD SPICE TO MARRIAGE--DR. PEALE

By BOB BODEN

It is unhealthy for the course of married bliss to be too blissful! That seems to be the opinion of the Rev. Dr. Norman Vincent Peale, marriage counselor. He thinks life would be pretty dull without differences of opinion, misunderstandings, or an occasionally argument.

When the rafters of Spartan City ring and the walls next door shake from the force of argumentation, the husband and wife are merely adding a little spice to life.

Dr. Peale advocates battling out the issues as long as any sharpness is forgiven before the couple goes to sleep for the night. The trick is to keep personal wrath so under control that the sun never goes down on it.

### DIFFERENCES NATURAL

Differences of opinion, says the marriage counselor, are only natural, but the danger lies in carrying the argument over from one day to the next which may allow accumulated irritations to multiply and magnify.

A few disagreements are enough to cause modern day rationalization of marriage failure on the ground that partners may not by nature be adjustable to each other.

It is the belief of Dr. Peale that most broken marriages could have been adjusted had the couple taken the situation in hand and corrected a few simple faults. He places as a key to happiness, "appreciation."

### APPRECIATION NECESSARY

The deepest quality of human nature is the desire to be appreciated, affirms the doctor, and that fact should not be forgotten by husband or wife.

A wife who produces an excellent meal craves appreciation just as the husband who breaks 100 at golf does. A little mutual admiration never hurt anybody.

It is pointed out by Dr. Peale that feeling appreciation is not enough, it should be voiced. Let each other know what is appreciated!

### HOLD FAMILY CONFERENCE

Differences of opinion, the doctor says, are natural and healthy, but he advocates settling disputes in an intelligent manner around the family conference table. He tells couples to minimize things that are wrong and appreciate things in marriage that are right.

It's unhealthy to suppress a moderate amount of bickering and arguing in marriage, battle out the issues, don't overlook the good qualities of each other, and above all kiss and make up before sleep enfolds the household.

At the Academy Award dinners all the actors and actresses in Hollywood gather around to see what someone else thinks of their acting besides their press agents.

—Bob Hope.

## Biology Professor Escapes To Wilds, To Pursue 'Fishes'

By LOU NOIA

Even scientists have hobbies.

Dr. G. A. McCallum, hardy perennial of the Biology department, likes to fish.

Every once in a while, when he can sneak away from his S210 lectures and basement labs, the professor climbs into his oldest togs, assembles his faithful rod, and wanders away to his favorite stream.

### TWO BIRDS

Not one to miss killing two birds with one stone, as the old saw goes, Dr. G. A. enjoys his hobby and gets in his minimum quota of exercise at the same time. He has a systematized plan for this "two-for-one."

Wandering to his favorite fishing spot, via automobile or other conveyance (requiring no physical exertion), McCallum, with great effort, finds the nearest shady tree. The tree preferably should be within a stone's throw of the water.

Next, the energetic biologist will laboriously prop the rod in such a manner that he will not have to hold it while fishing.

### LURES FISH

Our fisherman then reaches into his ditty bag for some choice crumbs. He sprinkles these on the water, somewhere near the rod, as a lure to the innocent little fishes.

McCallum is then ready to outwit the prey.

He looks with an experienced eye at his rod, then at the cork. The prop is tested, to make sure the rod will not be washed away by a ripple.

### IN THE SHADE

Our sporting strategist next finds a comfortable spot beneath the tree, collapses somewhere near it, and with an alert eye watches the cork. The dyed-in-the-wool fisherman, outsmarting his adversary.

"Lots of times I don't catch a—uh—single fish," the professor explains. "But I certainly do get in my exercise."

## Thrust and Parry

### Good lead

Dear Thrust and Parry:

Everytime I pass those benches in the inner quad my heart skips a beat. What a splendid idea. The grass is getting greener all the time.

Beside eliminating that path we can soak up the sun at lunchtime. Do you think we could have a few more benches on the other side, too?

How about giving the originator of that particular brain-wave credit. Who dunnit? Huh?

ASB 4392

### Just a Kiss in the Park

MEMPHIS, Tenn. (UP)—It's the kiss in the park that's dangerous, says Mrs. Ila Huff, a girl's club director. The kiss is a wholesome part of growing up Mrs. Huff says—not too bad at a party, but the park—"that's out."

A new carburetor, according to an Omaha dispatch, makes it possible to drive a car solely on ethyl alcohol, instead of on gasoline.

## AH! 'TIS SPRING

With the rosy haze of spring in their eyes, Emerson "Doc" Arends and Betty Patnoe recently revealed their coming marriage.

—Photo by Erle Madison.

## PATNOE-AREND'S CONSOLIDATION SETS SPRING ENGAGEMENT PACE

Spring is breaking out all over!

From the looks of things Cupid nearly has depleted his supply of arrows and news of engagements is flying thick and fast.

Heading the list of Springtime romances is the news of the engagement of two of our most prominent Spartans, Betty Patnoe, editor of La Torre, and Emerson "Doc" Arends, ASB president.

The couple revealed their engagement at the pledge dance of Betty's sorority, Alpha Omicron Pi, held at the Claremont Hotel, March 19. Bob Hines, president of DTO, related the news over the public address system, and Betty passed the traditional five-pound box of chocolates which was decorated with the seals of AOPi and "Doc's" fraternity, SAE.

The couple plan to be married in August.

Among her many activities on campus Betty lists the editorship of La Torre, service on the Student court, Rally committee, Social Affairs committee and membership in AOPi. She is a junior commerce major.

In addition to his work as ASB prexy, "Doc" is a member of SAE, Spartan Knights, Tau Delta Phi and San Jose Players. He served as director of Revelries last year. A speech and drama major, "Doc" will graduate in June.

### Jensen-Campbell

Although Ken Campbell slipped a circlet of gold on the finger of Joy Jean Jensen as a Valentine token, their engagement was a deep dark secret until spring vacation.

While the two Spartans were at home for vacation "daze," Joy announced the engagement at a gathering of friends at her home in Riverside. Joy is a Sophomore home economics major.

Ken, who calls Arlington, Calif. his home, is a sophomore journalism major specializing in press photography.

The date for wedding bells to ring has not been set, but informed sources expect June nuptials.

### Montgomery-Vizza

A five pound box of chocolates was passed at the final Winter quarter meeting of Allenian society, announcing the engagement of Colleen Montgomery and Frank Vizza.

Colleen is a junior OT major and Frank is also a junior majoring in PE. The couple plan to be married in August.

### Lawless-Boehme

Two former Spartans, Dorothy Lawless and Stanley Boehme, revealed their engagement recently. The announcement was made at a meeting of the National Secretaries' Association, of which Dorothy is a member, and at a party in her home.

## P.E. HEAD CALLS CAMP DIRECTORS FOR INTERVIEWS

Appointments for interviews with visiting directors for camp counselor positions, to serve in various summer camps, start today at 1:00 p.m., announces Dr. Irene Palmer of the women's physical education department.

Miss Lois Young of the Sacramento Camp Fire Girls will be present this afternoon to interview those who would like to counsel at Camp Minaluta, at Lake Vera, Nevada City, from June 23 to August 8.

Counseling positions open for this camp include: waterfront director, handcraft counselors, dramatics director, archery instructor, nature activities director, and camp craft. Positions include room and board in addition to remuneration.

Wednesday at 3:00 Miss Dorothy Finley of the Oakland Camp Fire Girls will be available for interviews, for anyone interested in counseling at Camp Celio, also at Lake Vera, Nevada City. The camp is scheduled to be held from June 17 to August 5.

Further announcements of camps requesting counselors will be published later.

## S.J. PLAYERS SELL TICKETS

Tickets will go on sale today at the Library arch for the first annual "Hayfever Hop" to be held at Naperdack Hall, April 16, announced Bob Barmettler, dance chairman. Price of bids is \$1.50.

The barn dance, sponsored by the San Jose Players, will feature the band of Bill Leffland and his "Esquires." According to Barmettler, entertainment will be presented during dance intermissions.

Barmettler stated that the dance is only one of many activities planned by the Players in an effort to become more active on campus.

## SJS Instructor Wins Mention

Mr. Wendall Gates, Art Department sculptor instructor, received word recently that his statue, "Fat Lady," had merited honorable mention in the Oakland Gallery of Art. This was the 1948 Annual Exhibit of Oil Paintings and Sculpture and the judges were visiting artists attending the exhibit.

Mr. Gates has been on this campus since 1946 and before that time was an instructor in art at the Park School of Cleveland and also at the College of Wooster, Wooster, Ohio. Military service filled in three years after this until he came on campus.

## Announcements

INTER-FRATERNITY: Tonight 7:30 in S.A.E. house.

## ART DEPARTMENT EXHIBITS WELL-KNOWN FRENCH AND AMERICAN ART

Twenty-five paintings by well-known American and French artists are on display in the art building at San Jose State College until April 15, Dr. Marques E. Reitzel, head of the art department, announces. The exhibit was sent to the college by the George Binet Ballary of New York City.

The French artists represented in the exhibit are of the Provencal school and include Pierre Ambrogiani, Antoine Ferrari, Ricard Mandin and Antoine Serra. One of the American artists represented is Myrwyn Eaton, assistant professor of fine arts at New York University, who is a native of Strawberry Point, Iowa. "Cape Ann Cove" is the title of his gouache painting.

Other American artists represented are Blanche Baxter, Tommy Beere, Letterio Calapai, Stefane Cusumano, Nathaniel Dirk, F. R. Ferryman, Ralph Fabri, Bernar Gussow, Vincent A. Hartgen, Edward S. Hewitt, Ernesto Lothar, Vicci Sperry, Nancy Ranson, Victor Thall and Frances Brooks Zarian.

ALPHA ETA SIGMA: Meeting tomorrow night at 7:30 in room 121.

DELTA PHI DELTA: Meeting at 4:30 p.m. today in room A1.

## SPARTAN STUDENTS GIVE VARIETY OF ANSWERS ABOUT CURRENT UPPER LIP FOLIAGE; LOVE OR MANHOOD?

Why does a man wear a moustache? Is it for the sake of manliness or as an aid to L'amour? The question was asked of a number of State students sporting the lip foliage with some quite unique replies. Some were amused and cooperative, others were aggressively belligerent. Here are some of the typical printable replies:

Ken Howard, unmarried Drafting major from Redwood City, "So far I've found that 50% of the women do like a moustache and that 50% do not. I've never had any complaints over the thing. I think it aids the tactical situation."

Edwin Nyman Hansen, married Industrial Arts major from Mountain View, "My wife likes it. My mother likes it. I like it. It started as a gag on a camping trip."

George Prussia, married Physical Education major from Cupertino, "Frankly, it tends to minimize the size of my nose. My wife doesn't particularly like it."

Bill Scofield, unmarried Engineering major from Palo Alto, "It really started as a joke and will probably last 'till summer. Mostly it's for Spardi Gras. Most of the gals don't seem to like a moustache, but I think that's a womanly prejudice handed down from woman to woman."

Bob Boden, married Journalism major from Riverside, "It lends a certain amount of sophistication to one. A moustache tends to make a young man look older and an old man look younger. My wife doesn't object to it."

George Isenberg, married Accounting major from San Jose, "A habit, I guess. Some girl friend of mine talked me into it before I was married. My wife doesn't object to it."

Lyle Seeger, unmarried Penology major from Menlo Park, "It just started to grow. I like to fool around with it, now and then. The girls seem to present no opposition to it. I have a normal amount of dates with it."

## Former Sailors Get Navy Commissions

Ex-enlisted Naval personnel who have two or more years of college education may apply for commissions in the Naval volunteer Reserve, according to a memorandum released recently by the Naval Officer Procurement Office, Ferry Building, San Francisco.

Those who have less than a year's active service in the Navy must satisfactorily complete a four year college course to be eligible to apply for appointment.

For each year of active duty in the naval service during World War II, an equivalent year of college work may be waived, providing the candidate is of the college educational level. This level is indicated by a passing mark in the Officer Selection test.

Applicants who have had at least two years of active duty in the service require only two years of college credit for eligibility, but must pass the selection test. Not more than two years of the college requirement may be waived because of active duty.

All applicants must have been honorably discharged as enlisted men or warrant officers in the naval service, including the Coast Guard and its Reserve, and must have been on active duty sometime between Dec. 7, 1941 and Sept. 2, 1945.

## ROTC MEN MEET TOMORROW

The first Spring quarter meeting of the Torch and Sword organization will be held Tuesday night at 7:30 o'clock in room B67, announces Jim LaMont, publicity chairman. All basic ROTC are invited to attend.

## Veterans Must Get Birth Certificates In For Pay Increase

Veterans with more than one dependent must submit a certified copy of their child's birth certificate or a photostat of a certified copy if they wish to be eligible for the pay increase which will become effective soon, according to Miss Josephine Rose, campus veteran coordinator.

The copies should contain the veteran's signature in ink on the back, plus the signees "C" number. "I would like to advise the vets to get these certificates in as soon as possible," said Miss Rose.

A raise in subsistence is granted to GI students carrying a full-time program, by Public Law 411 which amends PL 346 and PL 16, states a recent Veterans Administration bulletin. Under the new law, vets will receive \$75 per month if single; \$105 with one dependent; or \$120 with more than one dependent.

Hospital copies of birth certificates are not acceptable. One student brought in a post card from the San Jose Health department acknowledging the birth of a child. "This was not acceptable," said the veteran's representative.

## WAA Softballers Begin April 13 All Coeds Eligible

Girls interested in softball are invited to participate in the WAA Softball Tournament which begins April 13 at 4:30 announced Manager Leta Walter, Friday. Three games will be played every Tuesday and Thursday throughout the quarter.

Sign up sheets for teams will be posted on the WAA bulletin board in the women's gym. Captains of the teams are requested to fill out one of the blank sheets before Friday. Teams may not enter the tournament after this date added Manager Walter.

## Even a Dog Has A Heart

CHICAGO (UP)—Duke, a dog, was found guilty of biting a five-year-old girl and his owner, Arthur Baer, was fined \$200. Baer claims his dog died "of a broken heart" as a result of the case and has appealed.

## Exchange Slates Book, Cash Return Monday, Tuesday

The student book exchange will be open today and tomorrow to return books and money, according to Chairman Ray Sommer. The exchange will close at 4 p.m. tomorrow and will not reopen until the fall quarter.

"No more books will be accepted for sale but students may call for their money or texts," Sommer said.

The A-Phi-O sponsored non-profit exchange has handled hundreds of volumes this quarter and anticipates even a larger business in the fall.

## MUSIC FRATERNITY SETS CHAPTER DAY

Chapter Day will be commemorated by Phi Mu Alpha, national honorary music fraternity with the presentation of its annual All-American concert tomorrow evening at 8:15 in the Little Theater.

The program will consist of vocal and instrumental works, according to Morris Dill, fraternity president.

Wesley Walton, baritone will be the featured vocal soloist. Instrumental selections will be rendered by trombonist, Dale Olsen, with George Walston, accompanist.

Ensemble groups, a string quartet and a woodwind quintet also will appear on the program.

The concert will be the second given by Phi Mu Alpha this year.

## IRC Sets First Meet Of Quarter Tonight

The first meeting of the Spring quarter of the International Relations club will meet in room 20 at 7:30 tonight to discuss business and a tentative schedule for the coming quarter.

Paul Hunter, president of the club, invites all-old students and newcomers to attend the meeting and participate in the quarter's international discussions.

## CCF MEETS TODAY

A program of singing, special announcements of coming events, and presentation of a membership plan will be presented today by the Collegiate Christian Fellowship in room L210, according to Joe Arthur, chairman. The speaker will be the Reverend C. B. Sanders, local minister and young people's counselor.

All members are urged to attend, as well as new students, and everyone interested in a Christian program, says Arthur.

The CCF stresses the historic Christian point of view, presented in a manner appealing to the college intelligence, states President Robert H. Baylis.

## NEW BASEBALL MENTOR BATTING OVER .500

By ARNOLD WECHTER

Batting better than .500 as a coach in three sports, Walt Williams, starting his first year as baseball coach here, boasts one of the brightest prep coaching records in Pacific Coast history.

Williams is no stranger to the San Jose sporting scene, having been at San Jose High school for twenty-three years. He was baseball coach for twenty-one years, football coach for nineteen years, and track coach for two.

While at San Jose, Williams gave the Bulldogs ten baseball crowns, four football titles and two track championships. His last two years at the school were spent as Dean of Boys.

The strange part of Walt Williams' career is that in twenty-one years as a baseball coach, which included fourteen championship nines, only one of his boys ever made the grade as a major leaguer. Myril Hoag was his name and he played for the New York Yankees as an outfielder when Babe Ruth was in his prime.

"The biggest mistake a boy can make is to leave college for a professional baseball career," Williams stated. He went on to say that it doesn't pay for a boy to play pro ball unless he can make the major leagues. "The average college graduate makes more money than a triple 'A' minor leaguer," he said.

The Williams saga started in Kinsley, Kansas, fifty-three years ago. He disclaims any knowledge of the Sunflower state, having moved to Salem, Oregon, at the age of two.

At high school, he was an all-around athlete, starring in football and baseball. Upon his graduation he attended Chico State college, where he lettered in rugby football (the American game being out of favor at that time) and baseball. His last two years of college were spent at Oregon State college.

Upon graduation he returned to Chico High school as baseball coach, and gave his hometown two championships.

He then transferred to Willows,

## SOFTBALL SEASON STARTS SHORTLY

Fraternities, organizations and departments interested in entering teams in the 1948 Independent Softball league should contact Rex Parrish in the Publications office between 1:30 and 3:00 p.m. any afternoon this week.

The softball league is being sponsored by the Spartan Daily in cooperation with the Men's P. E. department.

Games will be played on the San Carlos turf. Good teams from the various organizations, departments and fraternities will be entered, and competition in the league should be hot.

## BOXERS LOSE

Continued from page 1)

Four of San Jose State's boxers were eliminated in Thursday's qualifying round.

Spartan Charlie Townsend, San Jose featherweight, climbed up from a first-round knockout to lose a narrow decision to Jim Sreenan of Wisconsin.

Kenny Cayocca, undefeated during the regular season and PCI lightweight champ, was also beaten by a Badger boxer, Bob Apperson.

Bill Diehl of the Idaho Vandals eliminated Sparta's Pete Fransich in one of the better 175 lb. bouts.

Wayne Fontes, San Jose middleweight, suffered an upset at the hands of Colin Connell of the Minnesota Golden Gophers.

WALT WILLIAMS

Calif., High school, where he produced two football and baseball champs.

When questioned on the difference between college and high school coaching, he replied, "No difference, the boys just play a little faster game in college."

On the Spartans' chances for a baseball title this year he is not too hopeful, having lost two games in league competition, but he said, "We still have a fighting chance."

Williams is particularly enthused over the growing popularity of college baseball, which the public had almost forgotten about, until Clint Evans, California baseball coach, helped the NCAA start its national college championship tournament.

Coach Williams stated that those fans who haven't availed themselves of the opportunity to watch the Spartan nine in action will have a pleasant surprise if they come out to the games. He said two games in particular should please the filberts — the April 16th game with St. Mary's and the May 4th game with Stanford. Both games will be played at the Municipal Stadium at night.

## RAIN HOLDS UP FROSH TRACKMEN

Rain is playing havoc with the Spartan freshman track team as well as the varsity. Except for the annual Interclass meet, held nearly a month ago, the first year men have had no chance to show what they can do.

A tentative meet with San Mateo Junior college on April 2 has been cancelled, and unless skies become clear soon, it may be almost two weeks before they are able to compete officially.

Several members of the team were consistently turning in outstanding marks before vacation, however, and according to their coach, Bill Perry, they shape up as being very strong, especially in the field events.

George Mattos appears to be the outstanding man on the squad. He has already done 13'4" in the pole vault, high jumped 5'10", and sailed 21'9" in the broad jump. He copped all three of these events in the Interclass meet, and made the above marks in the high jump and broad jump which were his best all-time records.

Dave Psaltis, who doubles in the shot put and sprints, is another man who will add greatly to the team's point total. He has thrown the 16-lb. shot over 44' and is developing into an excellent sprinter.

The discus men may prove to be as strong against freshman teams as the varsity's trio of tossers have been against all opposition. Boice Glassey and Carl Luchetti have done 131' and 130' respectively and should easily improve these marks.

Coach Perry has few worries in connection with field events, and although the runners on the whole do not appear to be as strong, there are no exceptionally weak points on the team.

Distance man Dave Purdy has hit 4:38 in the mile, and Paul Bohme will help gather points in both this event and the two mile. In the hurdles, Anthony Gomes and Al Cementina appear to be the strongest at this point.

## SPORTLITE

By PAUL von HAFITEN

With rain playing havoc with most of the Bay area sports over the week-end, the Spartans are hoping for clearer skies this week.

Stanford and San Jose State college trackmen participate in their annual meet this Saturday up in Palo Alto on Angell field.

Last year, the local lads had little trouble in trimming the Stanford Indians, but they are expected to be a lot tougher this season. However, Coach Bud Winter has most of his last year's squad back including the one, two, three combination in the discus event. The boys in this event are Woody Linn, Ray Overhouse, and Grant Denmark.

While Linn is slated to win the discus, he may have plenty of trouble in defeating Stanford's top notch shot putter, Otis Chandler. This Stanford man has thrown over 52 feet this year and has an extra incentive as he hopes to avenge Linn's victory over him last year.

Among other track stars who expect to come through with victories in their events are Howard Overhouse, pole vault; Thelmo Knowles, 880; Don Smalley, 100; Bob Likens, javelin; Connie Varneck, high jump; Gene Haynes, mile, and Jack Passey, high hurdles.

Monday, April 5, 1948

SPARTAN DAILY 5

## GRID NEWCOMERS TO RECEIVE EARLY START

"Spring football practice for 90 new varsity candidates will begin late this week or Monday of next," said Coach Bill Hubbard yesterday. Varsity holdovers from last year's squad will begin chasing the pig-skin on May tenth.

Newcomers will get their first inkling of the Hubbard brand of

## FRESNO HOST TO INVADING SPARTAN NINE

The Spartan nine will be looking for dog meat when it journeys to Fresno to open a two-day series, starting Thursday, with the Fresno State Bulldogs.

Both teams are tied for third place in the CCAA, with a lone victory and two defeats.

Williams will probably start Jack Marcipan, John Metz and Stan Peterson in the pastures, while Will Conklin, Don Lopes, Frank Vizza and George Wehner will have charge of the inner defense.

Batteries for both teams are not known at present.

The Orange and White boast of three men hitting better than .300. Infielder Don Lopes is in third place in the CCAA batting race with a strong .500 average. Hard-hitting Will Conklin is hitting .455, and John Metz is coming along strong with a .333 average.

Fresno State also has ample strength in the powerhouse department in outfielder Art Shahzade, whose homer led to the downfall of San Diego State last week. They also have the league's leading hitter in Earl Smith, who is batting a mighty .571.

Coach Walt Williams' boys must sweep this series if they hope to keep in the league race. They are already two and a half games behind the pace-setting COP Tigers, who have a five and one record.

There are no ugly women; there are only women who do not know how to look pretty. —Berryer

"T" at chalk talks in room S112 at 3:30 p.m. today and tomorrow. They will draw their equipment on Wednesday and Thursday.

Returnees will draw their equipment at the Spartan Stadium field house on the same days that the new men are receiving their orientation.

Practice will be held four days a week. Fridays will be left clear. This is the same policy followed during last year's spring training. New men will get in 30 practice sessions, and old men will get in twenty, according to Coach Hubbard.

"The men will work first by individual position; by the second week we expect to work in a few plays," said Coach Hubbard.

Welcome addition to the squad is Fred "Bulldog" Lindsey, who was a star fullback during the 1941 season. Lindsey will be shifted to quarterback, a position weakened by the elimination of Jim Jackson because of scholastic difficulties.

Three members of the freshman team of three years ago returning for a try at varsity ball are Dick Bischoff, center; Elgin Martin and Joe Pichetti, tackles.

Transfer candidates for the guard position are: Dick Harding, Modesto JC; Charlie Smith and George Reeves, Napa JC; and Dick Bondelie, Santa Rosa JC.

Trying for tackle are transfers: Jim Wheelehan, Glendale JC; Wayne Belden, Long Beach JC; Ted Jones, Chaffey JC; Jack Abbott, Taft JC; and Norman Elrod, Washington State junior varsity.
